

# The new Zettelmeyer agroline

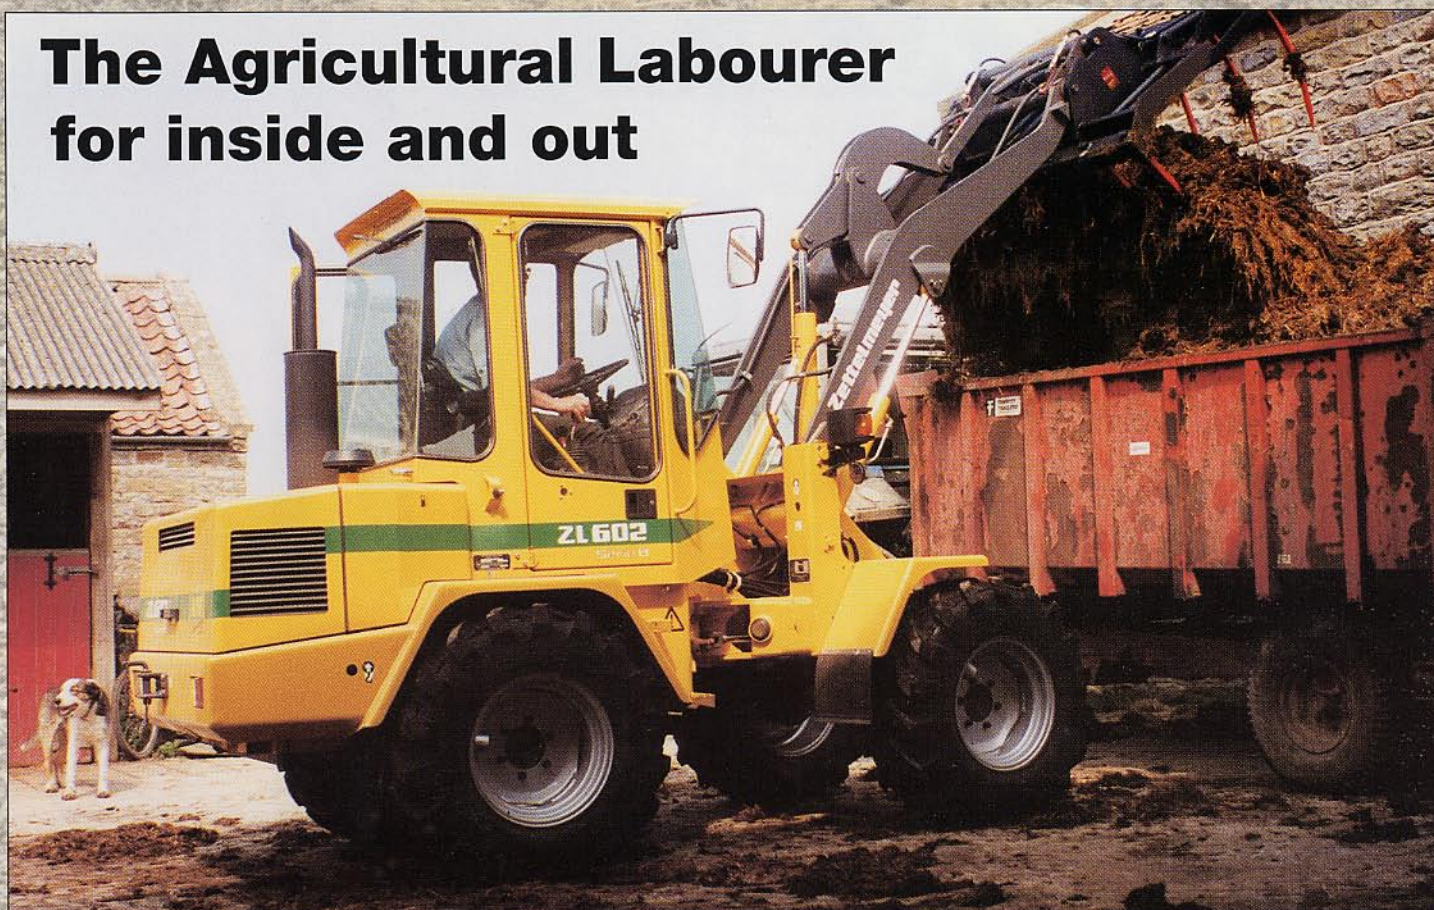

From ZL302  
(22/30 kW/hp)

To ZL1002i  
(69/92 kW/hp)

# The Agricultural Labourer for inside and out

**A farmer is on call around the clock and his machines must keep pace. Any one of Zettelmeyer's Allrounders is a reliable aid in and around the farm, in every season, inside and out. Manoeuvrable, versatile and reliable.**

**Protection against sun or rain can be ordered for any machine in the form of a simple-to-mount protection canopy.**

**Narrow passages, low ceilings? No problem for Zettelmeyers with a ROPS-bar which make it possible to drive through low doorways. A suitable choice of tyres lowers the height still further.**

ZL302 min. height	1900 mm
min. width	980 mm

**A comfortable, spacious, sound-proofed, well-heated and ventilated cab with good all-round visibility provides a solution for outside applications in all weathers.**

# Allrounder Data in Brief

The Zettelmeyer Allrounders pay their own way. Their great advantage is that they combine several machines in one: a large range of attachments is on offer to cover many aspects of farm and related work.

You can change between attachments within seconds using the practical quick-change system - so keeping your Allrounder working wherever and whenever you need it.
