

Flagler Construction Equipment, the exclusive Volvo Construction Equipment dealer for the State of Florida..

Flagler and its predecessors have been serving the Florida market since 1987, offering Volvo construction equipment for sale and rent, as well as product support. Flagler operates 6 main branches in the following markets: Jacksonville, Lake City, Orlando, Tampa, Ft. Myers, & Davie (Ft. Lauderdale).

The Volvo Construction Equipment line includes wheel loaders, articulated haulers, excavators, road machinery, and compact equipment. In addition to Volvo equipment, Flagler represents the following affiliate lines: Trail King trailers, KPI-JCI-Astec mobile crushing & screening products, LB Performance pavers and compaction equipment, Gomaco concrete paving equipment, and the Toro Underground product lines.

The mission of Flagler Construction Equipment (FCE) is to be the provider of the highest quality customer experience in the sale, rental, and servicing of our products. We will do this by:

- Placing customers at the center of our focus and constantly striving to meet or exceed their expectations.
- Committing to continual improvement in the delivery of our services.
- Developing and maintaining a well-trained and motivated employee team that functions in an environment of mutual trust and respect. FCE strongly encourages open communication between employees and managers and expects all to honor the commitments made to each other.
- Being a responsible corporate citizen in the communities in which we operate.
