# LIFETIME FRAME & STRUCTURE WARRANTY

You demand a durable machine. Volvo assures it.

Quality is synonymous with the Volvo brand and has been central to the products we engineer and produce for more than 175 years. We have strong confidence in the quality of our products and are passing that on to you through the Lifetime Frame and Structure Warranty.\*

The integrity of our frames and structures results from:

- Bench durability testing
- Frames with high tensile steel for long service life and low risk of fatigue
- Volvo welding standard for high quality robotic/conventional welds
- High quality bearings, sealed to prevent contamination and early bearing failure
- Booms with large cross sections
- Ultrasonic testing
- Heavy duty X frame undercarriage that distributes forces for longer life

	PRODUCT**	WARRANTY
<b>Road Equipment</b>	Asphalt Compactor	Frame, Articulation Joint
	Soil Compactor	Frame, Articulation Joint
<b>General Purpose Equipment</b>	Articulated Hauler	Frame, Articulation/Oscillation Joint
	Wheel Loader	Frame, Articulation Joint, Loader Arm
	Crawler Excavator	Frame, Boom, Arm
	Wheeled Excavator	Frame, Boom, Arm
<b>Compact Equipment</b>	Demoliton Excavator	Frame, Boom, Arm
	Compact Excavator	Frame, Boom, Arm
	Compact Wheel Loader	Frame, Articulation Joint, Loader Arm
