Benefits of Volvo Certified Engine Overhaul Program

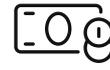

Genuine Volvo Parts

Overhauls use **100% genuine Volvo parts**, ensuring perfect fit, durability and performance.

Extended Engine Life

A complete overhaul restores the engine to **Like-New** operating condition.

Lower Total Cost of Ownership

- Overhauls extend machine lifecycle.
- Reduced breakdown, downtime, lower maintenance cost.

Volvo Certified Technicians and Procedures

- Performed by Volvo-Certified Technicians.
- Overhauls follow Volvo's Factory Procedures.

Improved Fuel Efficiency and Reduced Emissions

- Post-overhaul reduced fuel consumption.
- Helps customers meet emission compliance.

Warranty Coverage for Peace of Mind

- Warranty up to 18 Months*
- Gives customers confidence in long-term reliability.

Increases Resale Value

Volvo-Certified engine overhauls increase machine resale value.

ENGINE MODELS:
D8, D13, D16
